After you have been approved for the educator's site, the fun then begins!

Click on the Slideshow video to begin!

Choose a Video Style

Animoto has a great library of Video Styles that you can choose from.

Don't worry- you can always change the theme - or - the music once you have started your video!

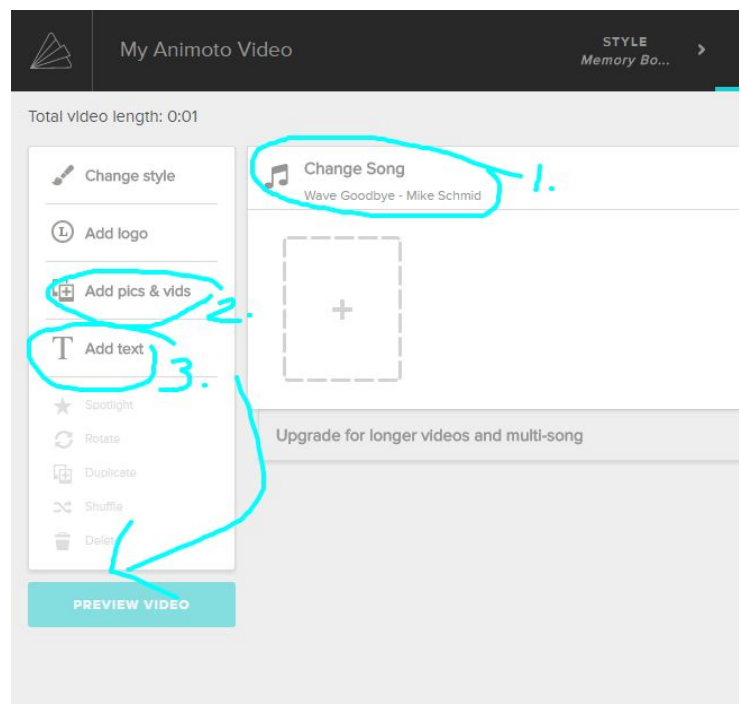

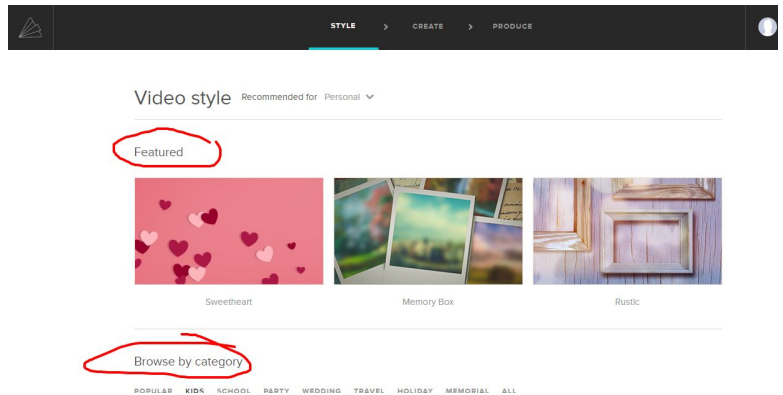

Build the Video

Animoto allows you to change the music to create a personalized "feel" for your video (1).

You can easily upload both videos and images to Animoto at any time by clicking the menu on the left "Add Pics & Vids" (2.)

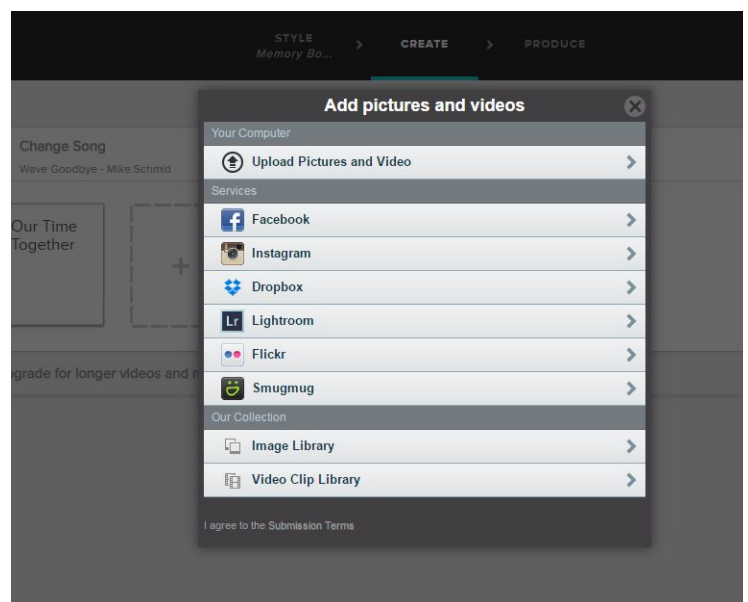

It is simple to add titles and text to your Animoto video by clicking "Add Text" (3).

Adding Video and Pictures

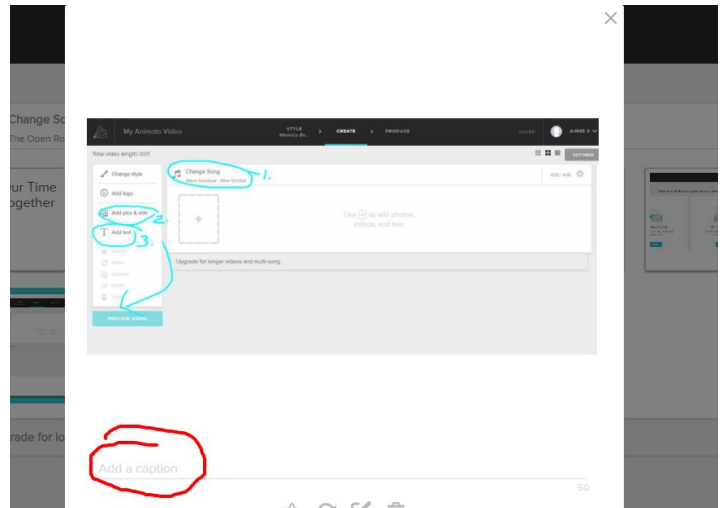

You can add pictures and videos from multiple sources.

After you click on "Add Pics & Vids" on the menu to the left, you can select where and what you would like to upload.

Add a Caption

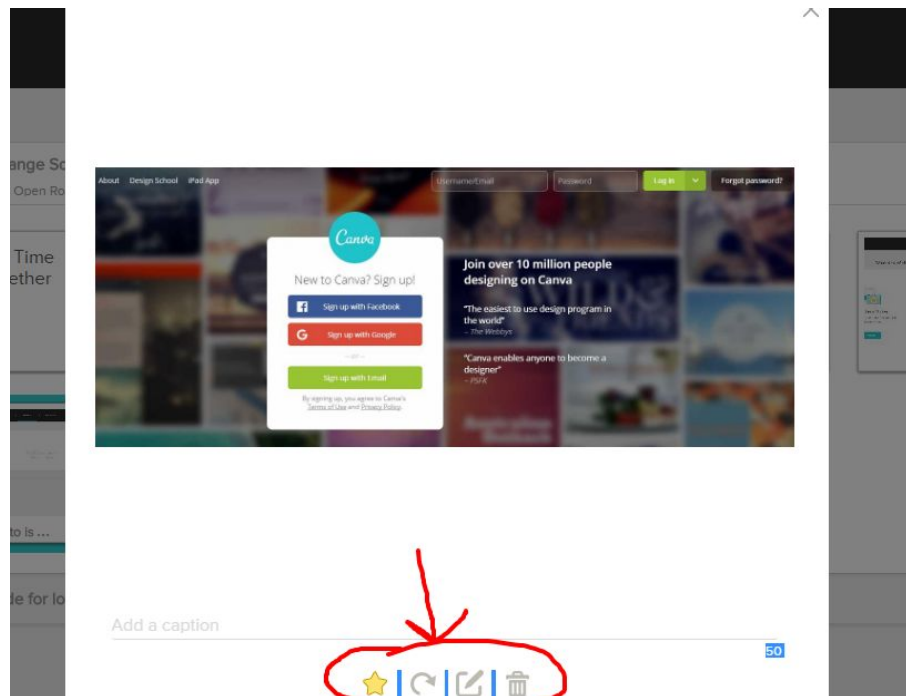

You can add a friendly caption to a photo by hovering over the selected photo clicking "Caption" on the bottom of the photo.

Change Photo Settings

You can emphasize on a photo within Animoto by clicking on the star icon. This tells Animoto that you would like it to freeze for a moment on this particular photo.

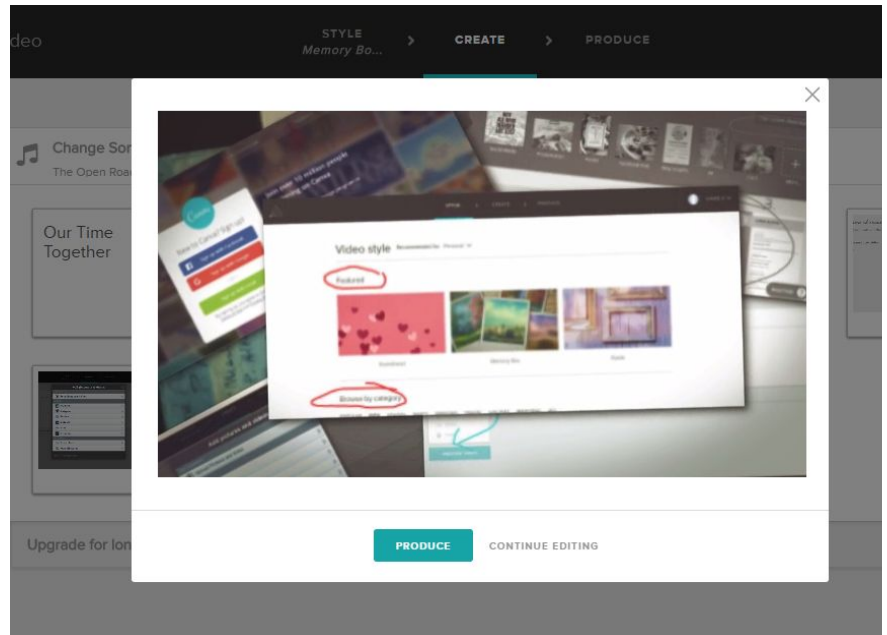

You also have the option to edit, delete or rotate the photo as well.

Finalizing Video

Finalizing the video is simple. Click on “Preview Video” in the lower left hand side. A new window opens in preview mode. If you are satisfied with your video, click “Produce.”

Complete the fields about your movie and click “Finish.”
